RACIAL PROFILING DATA/2002

Agency: Lathrop Police Dept.

Population: 1,534
age 16 and over

KEY INDICATORS	Total	White	Black	Hispanic	Asian	Am. Indian	Other
Stops	208	200	6	2			
Searches	13	12	1	0			
Arrests	13	12	1	0			
Statewide population %	N/A	85.24	10.25	1.85	1.17	0.41	1.08
Local population %	N/A	96.02	1.83	1.17			
Disparity index	N/A	1.00	1.58	0.82			
Search rate	6.25	6.00	16.67	0.00			
Contraband hit rate	38.46	33.33	100.00	#Error			
Arrest rate	6.25	6.00	16.67	0.00			

Notes: Population figures are from the 2000 Census for persons16 years of age and older who designated a single race. Hispanics may be of any race. Other includes persons of mixed race and unknown race.

Disparity index = (proportion of stops / proportion of population). A value of 1 represents no disparity; values greater than 1 indicate over-representation, values less than 1 indicate under-representation.

Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.

#Error indicates zero denominator.

Agency response

The 20,840 population used in this report does not reflect the true demographics of the city of Maryland Heights. Maryland Heights has 1,813 businesses which employ 52,233 people. The city contains Harrah's Casino which had 6 million visitors in 2002. The 20,000-seat UMB Bank Pavilion Amphitheater had 380,000 visitors in 2002. The city has 20 hotels with 3,249 rooms. Maryland Heights has 61 liquor establishments selling alcohol by the drink. Finally, the section of I-270 in Maryland Heights has an average daily traffic count of 182,000 vehicles, the second highest in the state. The demographics of the 66,430,000 vehicles on I-270, the 6 million visitors to the casino, the 380,000 visitors to the amphitheater and the 52,233 people employed in Maryland Heights are not known but surely impact the validity of this report.

Agency response

The data submitted of 2002 was correctly reported, However the Milan community has a pork processing plant (Premium Standard Foods) that employs many Hispanics and some blacks. This racial population changes frequently, so the 2000 census may not accurately reflect the current population ratio. Also, many of the employees are within a 50-mile radius of Milan.

RACIAL PROFILING DATA/2002

Agency: Miller County Sheriff's Dept.

Population: 18,133
age 16 and over

KEY INDICATORS	Total	White	Black	Hispanic	Asian	Am. Indian	Other

Agency response

We have a state penitentiary that opened in our county in October of 2001, employing approximately 400. Interstate 57 runs the full length of our county connecting major cities such as Chicago to Tulsa and Chicago to Memphis.

Agency response

The city of Monett has a large population of stationary and migrant Hispanics due to the large number of poultry processing plants in Monett and the surrounding area.

Agency response

It is significant that our community is located adjacent to an interstate highway with a major shopping mall. It is obvious that a total of three non-white searches cannot be statistically or otherwise significant of any factors regarding racial profiling. This law requires a substantial increase in paperwork for this department. The members of the state legislature should be cognizant of the fact that no extra funding came with this law and other laws that have been recently passed.

Agency response

The city of Olivette has two major highways within its boundaries - I-70 is on the east and Highway 340 (Olive Blvd.) is a pipeline connecting thousands of people traveling into and through Olivette for business and pleasure. Olivette has several employers that employ hundreds of people. Over 53,000 vehicles utilize Olive Blvd. each day. Traffic enforcement along with vehicle accident investigations and other highway incidents is a majority of the police department duties. In 2002 we increased the traffic enforcement which lowered the accident rate. The Olivette Police Department is committed to making the streets within our boundaries as safe as possible for all people living, visiting, working or traveling through our city.

RACIAL PROFILING DATA/2002

Agency: Oregon County Sheriff's Dept.

Population: 8,134
age 16 and over

KEY INDICATORS	Total	White	Black	Hispanic	Asian	Am. Indian	Other
Stops	171	164		7			
Searches	54	51		3			
Arrests	94	92		2			
Statewide population %	N/A	85.24	10.25	1.85	1.17	0.41	1.08
Local population %	N/A	94.27		0.90			
Disparity index	N/A	1.02		4.56			
Search rate	31.58	31.10		42.86			
Contraband hit rate	46.30	47.06		33.33			
Arrest rate	54.97	56.10		28.57			

Notes: Population figures are from the 2000 Census for persons16 years of age and older who designated a single race. Hispanics may be of any race. Other includes persons of mixed race and unknown race.

Disparity index = (proportion of stops / proportion of population). A value of 1 represents no disparity; values greater than 1 indicate over-representation, values less than 1 indicate under-representation.

Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.

#Error indicates zero denominator.

Agency response

We have two banks, one feed store and two convenience stores. We are opening a processing plant in November. Most people work in Springfield; this is farming country.

Agency response

The statistics for the year 2001 do not reflect addresses of all traffic stops, nor is it a requirement. At the beginning of 2002, we began to include the addresses of all traffic stops, These statistics show that approximately 70% of the persons stopped do not live in our city.

Agency response

The city of Richmond Heights is a 2.8 sq. mile city located on the western boundaries of the city of St. Louis. Richmond Heights has three miles of U.S. 64 (Highway 40) running directly through it. Highway I-170 runs north and south from U.S. 64. Located in the city limits is the Galleria shopping mall. The Galleria mall generates approximately 10 million shoppers or visitors each year. Richmond Heights has numerous office buildings including the 23-story University Club Towers office building. Richmond Heights also borders the city of Clayton, which is the county seat for St. Louis County. Thousands of vehicles travel through Richmond Heights on a daily basis due to its geographic location.

Agency response

The Shrewsbury Police Department is committed to the fair treatment of all citizens and visitors of our community. We support the Missouri Attorney General's efforts to better understand traffic enforcement activity and patterns. However, since the data in the Attorney General's report is deceptive in nature and not interpretive, further analysis of traffic stops, arrests and searches is needed so that more meaningful interpretations of the data can be made. Race-neutral explanations need to be considered and ruled out before any possible conclusions relating to disparate treatment can be drawn. Furthermore, we believe it would be more prudent to examine traffic enforcement activity in terms of the population that travels upon a community's roadways rather than its resident population. This would allow the data to then be examined in a much more appropriate context that would take in to account the diversity of the surrounding region and the uniqueness of the motoring population of each individual community.

Agency response

The analysis does not consider the fact that 28% of the city's total traffic stops are non-residents. The Attorney General's analysis only compares the traffic stop data to the census population. Springfield is situated on Interstate 44 and is a destination for tourists traveling south to Branson and to the local Bass Pro Shops, the number one tourist attraction in the state of Missouri. Additionally, when examining the search rates, the probable cause/authority to search reasons should be taken into consideration.

RACIAL PROFILING DATA/2002

Agency response

The city of St. Ann has several small shopping malls as well as one very large mall, Westfield Shoppingtown Northwest, which is located on St. Charles Rock Road at Lindbergh. Many stores at the Westfield Shoppingtown have fashions and accessories that are marketed to the black community. Many African-Americans come from North St. Louis County, North St. Louis City and East St. Louis to shop at this mall. That will cause our black population to actually be several times greater than what the census shows. St. Ann also has an interstate highway (I-70) and it has an active speed enforcement program on that highway.

Agency response

There are unique circumstances that affect the demographics of Saint Charles City. There are two major interstate highways: I-70 and I-370 in St. Charles City providing access from east and west. There is a major state highway - Missouri Route 94 providing access north and south (although considered east/west) through St. Charles City. The Ameristar Casino in St. Charles City employs many individuals and has customers from the greater St. Louis Metropolitan area. Criminal activity in St. Charles City is to some degree attributable to persons who reside outside St. Charles City and who live in the greater St. Louis Metropolitan area. St. Charles City has several major shopping centers to include Bass Pro, Sam's Retail Outlet, Wal-Mart, Lowe's, Home Depot, Target Store, etc. Since the last census, there has been an influx of legal and illegal aliens into St. Charles City.

Agency response

The disparity index is skewed when comparing the number of stops to proportion of population. Our population is 11.87% black; however, 42.4% of summons issued to blacks were on a state highway. St. Charles Rock Road (Hwy. 180) traverses east to west through St. John and has a very high percentage of black motorists using this street as a direct conduit for shopping at Northwest Plaza, a large mall about two miles west of this city. Furthermore, there are three supermarkets along St. Charles Rock Road and one twenty-four hour store in St. John that are heavily shopped by blacks who live immediately to the east of St. John since there are no stores in their immediate vicinity. Immediately to the east of St. John is Pagedale, Wellston and St. Louis City which are 95-plus percent populated by black residents. Therefore, if the disparity index would be calculated based upon the proportion of stops divided by the percentage of blacks driving on the streets through St. John, the results would be well below a value of one.

Agency response

The percent of total persons stopped during 2002 (white - 48.2%; black 48.6%) is proportional to the St. Louis population for persons age 16 and over (white 47.6%; black 46.6%). While the report reflects that 6.5% of the persons stopped were searched, a disproportionate number of the persons searched were black (77.2%) as compared to white (21.2%). One of the primary reasons for this difference is the requirement for a search incident to a lawful arrest. Of the persons searched because of this requirement, 78.8% were black as compared to 20.5% who were white. The major reason for an arrest was the existence of outstanding warrants (white - 140; black 1,020). Also, the number of blacks consenting to a search (609) was greater than the number of whites (192). The rates in the 2002 report remain consistent with the previous reports.

Agency response

While the data compiled in this report is informative, any conclusions drawn from the data must be tempered with common sense. For example, population data used to calculate the disparity index does not include members of the minority community that reside in the city of St. Louis and therefore increases the diversity of drivers on the roads within St. Louis County. Nor does the data reflect that in a majority of traffic stops, police officers do not know the race of the driver prior to initiating the traffic stop. The St. Louis County Police Department has a long standing policy prohibiting all investigative detentions, traffic stops, arrests, searches or seizures of property based solely on race, ethnicity, gender, sexual orientation, religious beliefs, disability or economic level. All commissioned officers participate in annual cultural diversity and sensitivity training and specialized training which prohibits the illegal practice of racial profiling. The St. Louis County Police Department will continue to gather and monitor the data required in this report to ensure our officers continue to respect the right of every individual.

Agency response

St. Robert has adjoining boundaries with a major army installation, Fort Leonard Wood, with a daytime population of approximately 30,000. St. Robert borders with heavy traffic on Interstate 44. The city accommodates many visitors during peak activities on Fort Leonard Wood such as basic training graduations and other events.

Agency response

Three major highways, two federal and one state, crisscross Town and Country and carry an estimated 400,000-plus vehicles through our community daily. The intersection of I-64 and I-270, located within the city, is reported to be one of the top five busiest intersections in the state. Analysis shows that the overwhelming majority of the department's traffic enforcement occurs on these three highways and that the city's residential population is in the minority in comparison to others traveling through, visiting, worshiping, shopping or working within its boundaries. It can be reasonably concluded that the racial makeup of those utilizing these highways is more proportionate to a combination of state, county and St. Louis City populations and associated ratios than to the city of Town and Country proper. Therefore, it is our belief that the city's traffic enforcement activities are in harmony with both the intent and provisions of the state's Racial Profiling Law requiring that vehicle stops be proportionate to the population groups residing or traveling within its jurisdiction.

Agency response

Our population is unique because of our role in the community. We are a university police department with approximately 15,000 students and another 3,000 faculty and staff personnel during the course of a day, and only 1,500 - 2,000 occupants at night. Our student population is a diverse mix of international students and local community participants. Furthermore the “transient” or “passing through” driving population is such that it is not measurable. There is no real community or city to base our population on that would be an accurate depiction of our university. In addition, the amount of visitors to our campus for various functions is also variable. It is unknown what percentages of stops are made on the university population and the number that is transient.

Agency response

The city of Webster Groves is less than two miles outside of the city of St. Louis and is part of a major metropolitan area whose population travels daily upon its streets. A major interstate highway and several north/south feeder streets are included in the traffic network and are heavily traveled by non-residents in their commute to work and business. In addition, Webster Groves has several shopping and recreational areas that are heavily patronized by a large number of non-residents. This transient population is well documented in that over 80% of traffic citations are issued to non-residents. Consequently, any statistical model not closely reflecting the populations of St. Louis City and County that travel through Webster Groves will not be reliable.

Agency response

The following is offered as additional information to further clarify and help put the data in fuller context. Located within the city limits are six major chain hotels and three major chain car rental agencies who employ Blacks as a large percentage of their work force. Woodson Terrace is bordered to the east by the city of Berkeley, whose majority population is black. Located within the city are two Mexican groceries, one Hispanic currency exchange, and an insurance brokerage firm whose primary clients and work force are Hispanic. I-70 and state highway 115 travel east and west through the city and state highway EE travels north and south with these major routes connecting Woodson Terrace to the surrounding and outlying area. The northern city limits adjoin Lambert St. Louis International Airport which attracts a diverse segment of the population (including black and Hispanic) with access gained via I-70 and state highway 115.

RACIAL PROFILING DATA/2002

Agency: Worth County Sheriff's Dept.

Population: 1,898
age 16 and over

KEY INDICATORS	Total	White	Black	Hispanic	Asian	Am. Indian	Other
Stops	35	35					
Searches	3	3					
Arrests	5	5					
Statewide population %	N/A	85.24	10.25	1.85	1.17	0.41	1.08
Local population %	N/A	99.00					
Disparity index	N/A	1.01					
Search rate	8.57	8.57					
Contraband hit rate	33.33	33.33					
Arrest rate	14.29	14.29					

Notes: Population figures are from the 2000 Census for persons16 years of age and older who designated a single race. Hispanics may be of any race. Other includes persons of mixed race and unknown race.

Disparity index = (proportion of stops / proportion of population). A value of 1 represents no disparity; values greater than 1 indicate over-representation, values less than 1 indicate under-representation.

Search rate = (searches / stops) X 100.
Contraband hit rate = (searches with contraband found / total searches) X 100.
Arrest rate = (arrests / stops) X 100.

#Error indicates zero denominator.
